

60# white crepe kraft

NEW FEATURE!

The LBS production team now has the ability to mark the head or foot of your slit capping materials with a line of color. This new feature will reduce orientation issues when feeding book blocks into your casing-in machine and will eliminate the need for you to mark your capping materials with a pen or marker.

Construction 100% recycled materials

BOOKBINDING

An excellent choice when applied on your perfect binder as a backlining material. Also, because it is white, it will not show through lightweight endpapers.

PACKAGING & STATIONERY

Our 100% recycled white krinkle paper can be used in a wide variety of ways for custom projects. The krinkled paper adds a unique texture to your project.
